About the Institution

Established in the year 1975, VSN, the brainchild of the Society for Betterment of Education, has now turned into a source of radiant ray with endless spark. The school differentiates itself totally by conforming to the concept of holistic developments and by nurturing the young minds towards a dynamic citizenship.

The school started its journey with preparatory and kindergarten classes but now has emerged as a Higher Secondary School with English as a medium of instruction . The school is affiliated to the Council for the Indian School Certificate Examinations .

The VSN-thinktank in the form of the Society for the Betterment of Education does everything for the betterment of their dream institution and constantly extend their honorary services towards the upliftment of the institution. The Society is under the direct supervision of the District Magistrate, Paschim Medinipur and the Governing Body is constituted by the Society.

The school has two campuses, one pertains to the Primary section and the other the Secondary and Higher secondary sections. Both the campuses (Rangamati and Sepoy Bazar), located at outskirts far from the din and bustle, possess a devoted unit of quality architects to transform potential into achievement. Well equipped laboratories, a rich library, dedicated and highly educated well trained professional faculty members speak volumes about the institution. We believe that to lead a full fledged life, academic knowledge alone is not that sufficient. In VSN we take proper care of a child's cognitive as well as creative faculties. Dedicated facilitators frequently keep planning for several cultural and co curricular activities throughout a calendar year to help each individual aspirant in achieving laurels in other fields as well. We try to provide each student a diverse education in a safe, supportive environment that promotes self discipline, motivation, and excellence in learning. The whole VSN team joined with the parents' community assist the students in developing skills to become independent and self-sufficient adults who will succeed to successfully shoulder the responsibilities of the global community.

School Prayer

Where the mind is without fear and the head is held high

Where knowledge is free

Where the world has not been broken up into fragments

By narrow domestic walls

Where words come out from the depth of truth

Where tireless striving stretches its arms towards perfection

Where the clear stream of reason has not lost its way

Into the dreary desert sand of dead habit
Where the mind is led forward by thee
Into ever-widening thought and action
Into that heaven of freedom, my Father, let
my country awake.

School Activities

"Don't let your learning lead to knowledge. Let your learning lead to action."

"In the classroom of life, every lesson is an opportunity, every challenge is a chance to grow. Embrace the journey of learning, for it shapes the person you become."

Summer Camp

"As the sun sets on our summer camp adventure, we reflect on the laughter shared, lessons learned, and bonds formed. The memories we've created will forever linger, serving as a testament to the joy of exploration and the beauty of coming together. Until our paths cross again, let the spirit of camp live on in our hearts. Here's to the countless moments that made this summer truly special."

Spectrum 2023-2024

School Clubs (Class: V XII)

Preface:

When we hold the candle to ignite our souls, hardly any place remains dark. Being a strong adherent of this notion, VSN is elated to introduce a new culture to make the path enlighten further by establishing School Clubs to the thesaurus of VSN.

School clubs will give birth to small communities, which will attract students relying on the same interests such as music, arts, ecology or literature. Club activities target to help the students develop a sense of unity and true ardor of teamwork.

The aims & objectives of the clubs:

- •The clubs will stimulate the impetus of the students to showcase the talent instilled and whatever elsethey learn in and outside the classrooms.
- •The participation in clubs can hone the students' communication skills & foster creative thinking.
- •Clubs will propagate highly engaged teams determining sheer productivity.
 - The elementary lessons of literature, art & craft, ecological equilibrium & performing art etc. will be enjoined to the students.
 - Overall cognitive development is the key to unlock genuine growth.

To foster and harness various different talents of different students coming to VSN from multifarious backgrounds we have 4 clubs to provide the young learners' intellectual aspirations and self-expression. The clubs are:

*1. Literati Club: *

The society organizes a rich and diverse array of literary activities such as debates, declamations, group discussions, poetry writing and recitation, short story writing, quiz contests, interactive/lecture sessions, etc.

*2. Green Warrior Club: *

This Eco Club focuses on the burning environmental issues among students to create a clean and green consciousness & promote sound environmental behaviors through a number of activities which will assert environment beyond the syllabus

*3. Wizart Club: *

Wiz art club simplifies the ELEMENTS OF ART: The visual components of color, form, line, shape, space, texture, and value describing a wide variety of activities.

*4. Aesthetica Club: *

The club works on bringing out the hidden artist by introducing a minutely knit composition of dance, song & music

Goals And Objectives Of The Four Houses

Life, it is said cannot be measured into units, but rather experienced in its intensity and variety and it is the life of social luminaries which best exemplify this. Keeping this in view, VSN has decided to split the united mass of students into four-fold divisions i.e, houses (R N Tagore/A P J Abdul Kalam/J C Bose/Kalpana Chawla), each with the name of four glorious figures from different walks of life, with the following aims and objectives:

- Promoting healthy sense of competitiveness and growth in realms of art, culture, sports and literary performances
- Developing teamwork, sportsman spirit and leadership qualities among students
- Increasing technical coordination and spirited exchange of ideas, information and materials among house members andclubs
- Translating ideas into tangible projects and enriching activities for metacognitive development of participants
- Strengthening the performative infrastructure of the school as well as its co-curricular ecosystem
- Highlighting the melody of life through the clarity of cultural templates.
