School Prayer

Where the mind is without fear and
the head is held high

Where knowledge is free

Where the world has not been
broken up into fragments

By narrow domestic walls

Where words come out from the
depth of truth

Where tireless striving stretches its
arms towards perfection

Where the clear stream of reason has
not lost its way

Into the dreary desert sand of dead
habit

Where the mind is led forward by
thee

Into ever-widening thought and
action

Into that heaven of freedom, my
Father, let my country awake.

School Activities

"In the classroom of life, every lesson is an opportunity, every challenge is a chance to grow. Embrace the journey of learning, for it shapes the person you become."

‘Don’t let your learning lead to knowledge. Let your learning lead to action.’

School Clubs (Class : V -XII)

Preface:

When we hold the candle to ignite our souls, hardly any place remains dark. Being a strong adherent of this notion, VSN is elated to introduce a new culture to make the path enlighten further by establishing School Clubs to the thesaurus of VSN.

School clubs will give birth to small communities, which will attract students relying on the same interests such as music, arts, ecology or literature. Club activities target to help the students develop a sense of unity and true ardor of teamwork.

The aims & objectives of the clubs:

- The clubs will stimulate the impetus of the students to showcase the talent instilled and whatever else they learn in and outside the classrooms.
- The participation in clubs can hone the students' communication skills & foster creative thinking.
- Clubs will propagate highly engaged teams determining sheer productivity.
 - The elementary lessons of literature, art & craft, ecological equilibrium & performing art etc. will be enjoined to the students.
 - Overall cognitive development is the key to unlock genuine growth.

To foster and harness various different talents of different students coming to VSN from multifarious backgrounds we have 4 clubs to provide the young learners' intellectual aspirations and self-expression. The clubs are:

***1. Literati Club: ***

The society organizes a rich and diverse array of literary activities such as debates, declamations, group discussions, poetry writing and recitation, short story writing, quiz contests, interactive/lecture sessions, etc.

***2. Green Warrior Club: ***

This Eco Club focuses on the burning environmental issues among students to create a clean and green consciousness & promote sound environmental behaviors through a number of activities which will assert environment beyond the syllabus

***3. Wizart Club: ***

Wiz art club simplifies the ELEMENTS OF ART: The visual components of color, form, line, shape, space, texture, and value describing a wide variety of activities.

***4. Aesthetica Club: ***

The club works on bringing out the hidden artist by introducing a minutely knit composition of dance, song & music

Goals And Objectives Of The Four Houses

Life, it is said cannot be measured into units, but rather experienced in its intensity and variety and it is the life of social luminaries which best exemplify this. Keeping this in view, VSN has decided to split the united mass of students into four-fold divisions i.e, houses (R N Tagore/A P J Abdul Kalam/J C Bose/Kalpana Chawla), each with the name of four glorious figures from different walks of life, with the following aims and objectives:

- Promoting healthy sense of competitiveness and growth in realms of art, culture, sports and literary performances
- Developing teamwork, sportsman spirit and leadership qualities among students
- Increasing technical coordination and spirited exchange of ideas, information and materials among house members and clubs
 - Translating ideas into tangible projects and enriching activities for metacognitive development of participants
- Strengthening the performative infrastructure of the school as well as its co-curricular ecosystem
- Highlighting the melody of life through the clarity of cultural templates.
