SCHOOL PRAYER

Where the mind is without fear and the head is held high
Where knowledge is free
Where the world has not been broken up into fragments
By narrow domestic walls
Where words come out from the depth of truth
Where tireless striving stretches its arms towards perfection
Where the clear stream of reason has not lost its way
Into the dreary desert sand of dead habit
Where the mind is led forward by thee
Into ever-widening thought and action
Into that heaven of freedom, my Father,
Let my country awake.

-Rabindranath Tagore

Assessment & Evaluation

At Vidyasagar Shishu Niketan, we believe that true education goes beyond examinations. Our Continuous and Comprehensive Evaluation (CCE) system ensures that every child's growth is monitored with care, balancing academics with social, emotional, and creative development. Instead of relying solely on traditional tests, we use classroom observations, activity-based learning, projects, spot tests, and regular reviews to capture each child's progress in a meaningful way.

Subjects like Third Language (Classes V–VIII), Value Education (all classes), Computer Studies (up to Class III) and Coding & Robotics are assessed entirely through continuous evaluation, making learning stress-free and enjoyable. This thoughtful approach not only strengthens academic foundations but also instills confidence, responsibility, and a love for lifelong learning.

Preface:

When we hold the candle to ignite our souls, hardly any place remains dark. Being a strong adherent of this notion, VSN is elated to introduce a new culture to make the path enlighten further by establishing School Clubs to the thesaurus of VSN.

School clubs will give birth to small communities, which will attract students relying on the same interests such as music, arts, ecology or literature. Club activities target to help the students develop a sense of unity and true ardor of teamwork.

The aims & objectives of the clubs:

The clubs will stimulate the impetus of the students to showcase the talent instilled and whatever else they learn in and outside the classrooms.

The participation in clubs can hone the students' communication skills & foster creative thinking.

Clubs will propagate highly engaged teams determining sheer productivity.

The elementary lessons of literature, art & craft, ecological equilibrium & performing art etc. will be enjoined to the students.

Overall cognitive development is the key to unlock genuine growth.

To foster and harness various different talents of different students coming to VSN from multifarious backgrounds we have 4 clubs to provide the young learners' intellectual aspirations and self-expression. The clubs are:

*1. Literati Club: *

The society organizes a rich and diverse array of literary activities such as debates, declamations, group discussions, poetry writing and recitation, short story writing, quiz contests, interactive/lecture sessions, etc.

*2. Green Warrior Club: *

This Eco Club focuses on the burning environmental issues among students to create a clean and green consciousness & promote sound environmental behaviors through a number of activities which will assert environment beyond the syllabus

*3. Wizart Club: *

*4. Aesthetica Club: *

The club works on bringing out the hidden artist by introducing a minutely knit composition of dance, song & music.

Stop learning leads to ageing & we don't want to risk your youth. Our vitality will ever shine by transforming potential into achievement.

Let the fire remain burning, however little or hidden;

Let the revolution coming in with the new venture of VSN.

School Houses(Class V-XII)

"The Price of greatness is responsibility"

-Winston Churchill

Life, it is said cannot be measured into units, but rather experience in its intensity and variety and it is the life of social luminaries which best exemplify this. Keeping this in view, VSN has decided to split the united mass of students into four-fold divisions i.e. Houses (RN.Tagore / APJ Abdul Kalam/JC Bose/ Kalpana Chawla), each with the name of four glorious figures from different walks of life, with the following aims and objectives:

- Promoting healthy sense of competitiveness and growth in realms of art, culture, sports and literary performances.
- Developing teamwork, sportsman spirit and leadership qualities among students
- Increasing technical coordination and spirited exchange of ideas, information and materials among house members and clubs.
- Translating ideas into tangible projects and enriching activities for metacognitive development of participants
- Strengthening the performative infrastructure of the school as well as its co-curricular ecosystem.
- Highlighting the melody of life through the clarity of cultural templates.
